EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The listing of claims submitted with the amendment filed May 16, 2005 begins with "1-7. (cancelled)". Since the following claim is claim 7 (currently amended), the paper titled "response" requests the cancellation of only claim 6, the applicant's remarks state that claim 7 is dependent on claim 8, and new claim 15 is dependent on claim 7, it is clear that the applicant intended to retain claim 7. Since claim 7 has actually been cancelled, the examiner has rewritten the amended claim 7 as new claim 17. Accordingly, the application has been amended as follows:

New claim 17 was added --

17. The transfer transmission according to claim 8, wherein the transmission input shaft (4) is at least partially mounted in a housing of the transfer transmission (31) and the hydraulic pump (14) is arranged outside bearings (15,16) which support the transmission input shaft (4).

In claim 15, line 1, "claim 7" was changed to --claim 17--.
